

## Sons Of Y-12ers In Civil Air Patrol Study Possibility Of Appointments To Academy

THREE SONS OF Y-12ERS who are cadets of the Oak Ridge Composite Squadron, Civil Air Patrol, left, discuss the Air Force Academy with Squadron Commander Lonnie A. Slover, right, himself a Y-12er in Research Services. The cadets are, from left, Cadet First Sgt. Jimmy Arrington, Cadet A/2C Don Mantooth and Cadet A/3C Joe Mantooth.

### Backgrounds Great Aid For Air Force Future

Three Oak Ridge Civil Air Patrol cadets, whose parents are Y-12ers, are among the several CAP cadets studying about the Air Force Academy and hoping for appointments, according to Maj. Lonnie A. Slover, Squadron Commander, Major Slover, who is with the Y-12 Research Department, states that "Project Academy" is a special project for the squadron this year.

Cadet First Sgt. Jimmy Arrington, son of Jim Arrington, of the Chemical Department; has been studying about the Academy for the past year and next year will apply for an appointment to the class of 1964. Cadets A/2C Don and A/3C Joe Mantooth, sons of H. R. Mantooth, of Process Maintenance, also are considering the Academy.

### Many Former Members Enroll

All three cadets realize that their Civil Air Patrol backgrounds will help them in getting appointments as there are presently 1,119 former Civil Air Patrol members in the Academy's four classes enrolled since the service school first began operation in 1955.

According to Major Slover, a total of 712 vacancies have been established for the class of 1963, which will start next summer at

## Welding Society To Hear Address On Gas-Shielding

Dr. A. Lesnewich, supervisor of welding and joining research for the Air Reduction Research Laboratories, will speak at a technical meeting of the Northeast Tennessee Section of the American Welding Society at the Dwarf Restaurant on the Knoxville-Clinton road next Monday night, October 20. The meeting will be at 7:30 o'clock, preceded by a social at 6:30 o'clock.

Dr. Lesnewich will speak on "Metal Transfer and Power Supplies for Gas-Shielded Metal-Arc Welding." He will describe generally the unique characteristics of gas-shielded welding using argon and carbon-dioxide shielding. He also will discuss the effects of various power supplies associated with the usefulness of these arcs.

### LONGEST LOT PLANNED

An Associated Press dispatch from Toronto, Canada, reports that the city is completing plans for what it believes will be the world's longest parking lot. The lot will be three miles long along the new subway system.

### ENTREES ARE ANNOUNCED FOR SPECIAL LUNCHES

Scoopburger on toasted bun will be the entree on the 50-cent Special Lunch to be served in the Y-12 Cafeteria tomorrow, Thursday, October 16. On next Tuesday, October 21, chicken croquettes with parsley sauce will be the main dish. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

### Friday Deadline To Apply For Educational Benefits

Friday of this week, October 17, is the deadline for Y-12ers to apply for benefits under the Union Carbide Nuclear Company Educational Assistance Program for attending Fall Term classes at approved institutions. Any Y-12er wanting information on the plan and its benefits, approved courses and institutions and other data, may obtain it from Ralph Pearson, Training Department, Bldg. 9704-2, plant phone 7751.

### SAFETY SCOREBOARD

The Y-12 Plant Has Operated

11 Days Or  
307,000 Man-Hours  
(Unofficial Estimate)

Without A Disabling Injury

Through October 12

Phone 7755

For Daily Report  
On Accident-Free Hours

## 23rd Safety Period Ended By Burn Mishap

3,000,000-Hour Mark Topped For Fourth Time

Y-12's 23rd Union Carbide Corporation Safety Period of operating more than 1,500,000 hours without a disabling injury came to an end at 8:20 a.m. Wednesday, October 1, when a welder suffered burns from metal sparks that later became infected and forced him to hospitalization. The injured employee was burned when the hot metal fell into his shoe while he was welding. He immediately removed the shoe and reported to the Medical Department for treatment. The latest period covered 3,192,000 man-hours and began on June 25, lasting 98 days.

The 23rd UCC Safety Period in the Y-12 Plant was the fourth time Union Carbide Nuclear Company employees in the Y-12 Plant had worked more than 3,000,000 accident-free hours. The first such period was established in 1953 when 3,126,787 hours of plant operations were posted without a disabling injury from July 30 through November 19. The next one came in 1957 when from June 13 through September 25 a total of 3,132,039 hours of work were performed without a lost time accident. Then came the UCNC record-breaking period of 5,394,077 hours with no injuries that started on December 17, 1957, and extended through June 3 of this year.

## ACS Meeting Announced For October 23 At UT

Y-12 members of the East Tennessee Section of the American Chemical Society are urged to attend the first fall-winter season meeting of the group on Thursday night, October 23. The meeting will be in Dabney Hall, University of Tennessee campus, Knoxville, at 8 o'clock and will be preceded by a dinner at 6:30 o'clock at the Sophronia Strong Cafeteria at the university.

Milton H. Lietzke, of the Oak Ridge National Laboratory, will speak at the Dabney Hall meeting. His subject will be "Use of Computers in Chemical Problems."

## Chest-Red Cross Campaign Plans Nearly Complete

Oct. 27 - Nov. 8  
Dates Set; Four County Agencies Will Benefit

All arrangements and plans for the 1958 Community Chest-Red Cross campaign in the Y-12 Plant Area October 27-November 8 are

nearing completion, Y-12 Chairman Robert C. Olson announced last Friday. The Y-12 chairman and L. H. Barker, Oak Ridge National Laboratory and three-plant Union Carbide

Nuclear Company chairman, met last week to discuss details of the drive in which UCNC employees at Y-12, ORNL and the Gaseous Diffusion Plant will be asked for support of worthy health and welfare agencies in four counties.

Chairman Olson expects to complete his Y-12 organization for the campaign early this week. A plant-wide campaign committee is to be appointed to consist of representatives of every division in the plant as well as the two union organizations. This committee will take the campaign to all corners of Y-12 to tell of the appeal by the Community Chest-Red Cross for the deserving organizations to receive benefits.

Agencies in four East Tennessee counties will participate in contributions from the UCNC campaign. They are in Anderson, Roane, Knox and Morgan — the latter county being added to the list of beneficiaries this year. UCNC employees reside in each of these counties and the participation of these counties in the drive will permit these employees to designate to which county their contributions will go.

A fair to display exhibits of various agencies participating in the drive to show just where and how the contributors' money is spent will be staged in Downtown Oak Ridge October 27-November 1. Entertainment features also will be presented.

W. E. Williams, assistant to the general superintendent of industrial relations for UCNC in Oak Ridge is Anderson County chairman for the campaign. L. P. Rioridan is ORNL chairman and A. H. Snyder holds a similar post at the Oak Ridge Gaseous Diffusion Plant.

## ORNL Man To Be Speaker At Physics Seminar Meet

J. W. Cable, of the Oak Ridge National Laboratory Physics Division, will speak at the division's weekly physics seminar session at 3:15 o'clock Friday afternoon of this week, October 17. The seminar will be held in the auditorium of Bldg. 4500, ORNL, with the subject being "A Neutron Diffraction Study of the Antiferromagnetic Hexagonal Layer Structures." All Y-12 technical and scientific personnel interested in the topic are invited to attend.

THESE TWO POSED PICTURES ILLUSTRATE some of the work being done by two important agencies supported by the Community Chest-Red Cross campaign in Oak Ridge. At left a "real" Gray Lady, Mrs. Douglas Janney, is showing how the Gray Ladies cheer up patients in the Oak Ridge Hospital. The "patient" in

this case is being simulated by Mrs. Myron Kiser. At right Dr. John Byrne, head of the Oak Ridge Mental Health Association, is using his son, Steve, as a model to show how some children are taught finger painting under the mental health program, which is considered a very important part of the overall work.

Mrs. John Paul Judish

## JUDISH—WHITE

Now living at 198 North Purdue Ave., Oak Ridge, following their marriage September 28 at Dowelltown, Tenn., are Mr. and Mrs. John Paul Judish. The bride is the former Miss Mildred White, of the Y-12 Maintenance Planning Department, and the groom is with the Oak Ridge National Laboratory.

The ceremony was performed at 3 p.m. in the Dowelltown Methodist Church. The Rev. James M. Davis, pastor, rector of the church, presided.

The bride is the daughter of Mr. and Mrs. Robert J. White, of Dowelltown. Parents of the groom are Mr. and Mrs. John Judish, of Cannonsburg, Pa.

Given in marriage by her father, the bride wore a full-length gown of imported Chantilly lace over taffeta, fashioned along princess lines with a scoop neckline. The gown was re-embroidered with pearls and iridescent sequins. The sleeves were long-fitted and the skirt was full with a pleated midriff and insert of silk taffeta and a chapel-length train. A plateau shell of imported Chantilly lace re-embroidered with seed pearls and iridescent sequins, held the bride's two-tier veil of English illusion.

Miss Lorraine White, sister of the bride and a Y-12er in the SS Control Department, was maid of honor. She wore a ballerina-length dress of green silk taffeta with a pleated neckline, Basque bodice and full pleated skirt with a matching head band. Flower girls were Mary Ellen Wilson and Patricia White, nieces of the bride. They wore dresses of white net over taffeta.

Serving as best man was Steve E. Judish, of Cannonsburg. Ushers were Richard Engel, of Oak Ridge; and James H. White, of Dowelltown.

Nuptial music was presented by Mrs. B. E. Thomas, soloist; accompanied by Miss Lena Banks, organist.

A reception was held at the church fellowship hall after the ceremony.

The bride attended Tennessee Polytechnic Institute, Cookeville, Tenn. The groom is a graduate of the University of Pittsburgh.

## Louisianians Seek To Form Organization

Several Y-12ers, other Union Carbide Nuclear Company employees and residents of Oak Ridge with Louisiana ties by birth or education, are hopeful of forming a permanent organization. More than 30 persons attended a recent dinner meeting at the Dwarf Restaurant on the Knoxville-Clinton highway when plans were made for enlarging the group.

All UCNC employees wishing to join the group are asked to communicate with J. E. Temple, Y-12 Shift Superintendents office, plant phone 7172; or Robert H. Forde, Oak Ridge National Laboratory, phone 6751.

At the Dwarf Restaurant meeting Y-12ers and their wives attending included Phil J. Bertin, Alloy Division; native of Baton Rouge and graduate of Louisiana State University, and his wife, native of Baton Rouge; O. E. Gilcrease, Engineering, native of Winfield and graduate of Louisiana Tech, and his wife, a Tennessean; R. J. Luck, Chemical, native of New Orleans and graduate of Loyola University, New Orleans, and his wife, a native of New Orleans; F. S. Patton, Technical, graduate of L.S.U. and a native of Memphis, Tenn; and Temple, native of Dodson and an L.S.U. graduate, and his wife, also a Louisiana native of Sicily Island and a graduate of Northwestern Louisiana College.

ORNL employees attending were Forde, born in New Orleans and a graduate of L.S.U.; and W. Y. Gissel, also born in New Orleans and a graduate of L.S.U., and his wife, born in Illinois.

Others attending the meeting from Oak Ridge included men and women from professional ranks, including doctors and lawyers; also employees of the Tennessee Valley Authority, University of Tennessee and the Atomic Energy Commission.

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

H. C. Giles, Harold Pomfret, J. J. Calloway, J. E. Herrin and J. T. Thomas, Mechanical Maintenance; J. J. Holzknecht, M. J. Jewett and E. C. Brown, Process Maintenance; C. V. Taylor and W. D. Biddix, General Machine Shop; M. L. Rice, Beta Two; R. C. Jones and D. B. Blackburn, Research Services; S. H. Kesterson, Guard; L. R. Phillips, Development Operations; R. C. Andrews, Sunflower Shop; Edna B. Stooksbury, Electrical Maintenance; R. H. Gillespie, Production Inspection.

## FORMER BULLETIN STAFFER GETS SPACE LABORATORY POST

A former assistant to the editor of The Y-12 Bulletin has been appointed Director of Operations, Space Technology Laboratories, of the Ram-Wooldridge Corp., Los Angeles, Cal. He is Robert A. "Bob" Burgin, who came to work for The Bulletin after his graduation from the University of Tennessee College of Journalism in 1948. He later was with the Oak Ridge Institute of Nuclear Studies and then served with the Armed Forces Special Weapon Project at Albuquerque, N. M., and Washington.

During his stay in Y-12 he made many friends by his personality and capability — and one and all wish him well in his new job.

Y-12ERS IN PRODUCTION ANALYSIS AND OTHER FRIENDS OF MISS JINCY DINGUS, a bride-elect, gave her a silver and linen shower October 4 at the Oak Terrace Continental Room. In the party, shown above, seated from left are Ozella Ward, Maggie Bloomer, Mary Nell Ferguson, a hostess; Louise Holsopple, a hostess; Alice Elder, Miss Dingus, the honoree; Janet Debnam, Vivian Richardson, Janice Children and Carolyn McBride. Standing are Isabelle Peck, Aleene Haney, a hostess; Deborah Hubbs, a hostess; Daisy Ward, a hostess; Elva Combs, a hostess; Wanda Anderson, Ann Bishop, Betty Creigh, Nell Charles, Jane Buchanan, Billie Killeen, Bonnie Anderson, Fran McKnight, Ann Wenzler, Peggy Pendergrass, Loretta Johnson, Nell Miller, Mary Ellen Porter and Mildred Johnson. Muriel Culbertson, also a hostess at the shower, was not in the picture. Miss Dingus will be wed sometime in December to Richard Hagan.

Note to readers—be sure your news gets into The Bulletin. If you know of a marriage, birth or other information that is of interest to Y-12ers, or have an idea for a feature story or pictures, please get in touch with your departmental reporter. Or, if it is more convenient, notify The Bulletin office, Bldg. 9704-2, plant phone 7751.

Now let's get started with what's on hand for this go-round.

## FINANCE AND MATERIALS

The Mail Room and many other friends of J. D. Raulston send get well wishes to Mrs. Raulston, who is a patient at Ft. Sanders Presbyterian Hospital in Knoxville . . . Kathryn Ellis is welcomed into the Mail Room staff . . .

Martha Parks, Plant Records, is a vacationer this week — but no one knows just where.

Sandra Tiller, Materials, is spending her vacation at home in Oak Ridge this week.

## INDUSTRIAL RELATIONS

The Boys In Blue and Gray at Fire and Guard Department headquarters are glad to hear that Capt. Emmett "Catfish" Moore is much better after his recent illness and now is at home—probably planning another foray against the finny tribe . . . Capt. Dave Turner and several of his B Shift buddies went down to Panama City, Fla., on their long break for a fishing expedition — and came back with loads and loads of fish . . . Guard A. L. Rosenbalm is welcomed back after his attack of the miseries . . . Capt. J. H. Shoemaker is vacationing at home in Clinton . . . Get well wishes are extended Guard S. H. Kesterson, recovering from automobile accident injuries . . . Also to Guard E. L. Bellamy, protector of the hallways in Bldg. 9704-2, who has been ill for too many days in Little Creek Sanitarium at Concord.

Labor Relations folks and other IR friends of Lois Oakes extend their most sincere sympathy to her over the death of her grandmother last week.

## SHIFT SUPERINTENDENTS AND UTILITIES

Genial George Kirtland, assistant superintendent for D Shift goings on, got a running start on his vacation and left no forwarding address.

H. M. Cheek, Steam Plant, also got away on vacation without leaving word as to his destination.

Everybody seems to be in a hurry — Utilities vacationers A. H. Shubert, A. M. Foster and J. B. Tallent likewise left on vacations without anyone knowing their destinations.

## TECHNICAL

There was dancing in the streets and the strains of "Happy Birthday" rent the halls in Bldg. 9739 last Friday when Esther Moody, Project Engineering; and her pal,

Peggy Silver, Contract Administration Engineering; observed their joint birthdays—nobody had the nerve to ask the pair of bantams just how many, but agreed that however many there were, the two pert and pretty gals wore them well.

Meanwhile, Contract Administration Engineering extended get well wishes to Doris Thomas and Hal Tunnell, both of whom have been on the puny list . . . Byron Hale is a homebody vacationer this week.

Industrial Engineering is proud to have Ed Dickey in their group—he is determined to make a name for himself as a golfer and, lo and behold, he whacked himself a Dodo (hole-in-one to you non-golfers) at the Knoxville Whittle Springs course recently, lucky lad. Jack McLendon, golfer and bowler of note from Radiation Control, was radiating all over the place last week — the occasion being the arrival of a son in the family to go along with chillun Dan and Nancy. The latest little McLendon was born at Oak Ridge Hospital on Monday, October 6, weighed eight pounds, five ounces and was promptly named Martin Lee.

Mechanical Engineering reports the chime of wedding bells again — this time it is R. V. Miskell, who was married recently in Chicago, Ill., to Miss Barbara Tholen, of that city. After a short honeymoon, the couple will make their home in Oak Ridge. Congratulations and best wishes . . . Harvey Coppick was reported last week to have rolled a 300 score in a plant bowling league last week; but he modestly admits it took him three games to do it.

Lawrence Losh is vacationing out of the Radiographic Section of Special Testing . . . Ed Gammon also is a vacationer — at home in Knoxville . . . Ralph Kent is back from his trip to Cincinnati . . . Rapid recovery wishes go to Edith Barger, out sick . . . The Special Samples Laboratory of the department reports Jackie Lyons is vacationing — and you know where, down in Alabama taking care of the family cotton crop . . . Hear ye, one and all, that guy on Cloud Nine is Lorin Steckel, Proud Pop of new twin sons named David Brian and Roger Allen, but the new sire is too excited to give more information.

Charlie Begley, Tabulation Service, is taking an easy vacation in Oliver Springs . . . Charlie

Continued on Page 4

## Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 years of Company Service within the next few days:

### 15 YEARS

Ruby C. Winfree, General Machine Shop, October 18.

Pearl A. Black, Product Processing, October 18.

Carl B. Newman, Maintenance Division, October 19.

Harold D. Smith, Buildings and Grounds, October 20.

Lawrence Walker, Utilities, October 20.

Edwin M. Hunnicutt, Guard, October 21.

## 'Automation' Topic At ASME Meeting

### Fred Jessup Speaker At October 23 Dinner

Fred Jessup, supervisor of the automation section of the Cincinnati Milling Machine Co., Cincinnati, Ohio, will be guest speaker at the October meeting of the Oak Ridge Group of the East Tennessee Section, American Society of Mechanical Engineers. The session will be a dinner meeting at 6:30 o'clock Thursday night of next week, October 23, at the Oak Terrace, the dinner to be followed by the address at 7:30 o'clock.

Jessup's topic will be "The Independent Unit System of Automation." He will discuss the "building block" approach to the automatic control of basic machine tools, leading to fully integrated systems of automated machine tools.

Prior to his present position with the Cincinnati Milling Co., Jessup worked for several years in the experimental grinding department of the company and for five years in the engineering service department in the coordination of sales and design of automation systems.

The public is invited to attend the meeting and Y-12ers wishing reservations are asked to communicate with C. A. Burchsted, plant phone 7-8475.

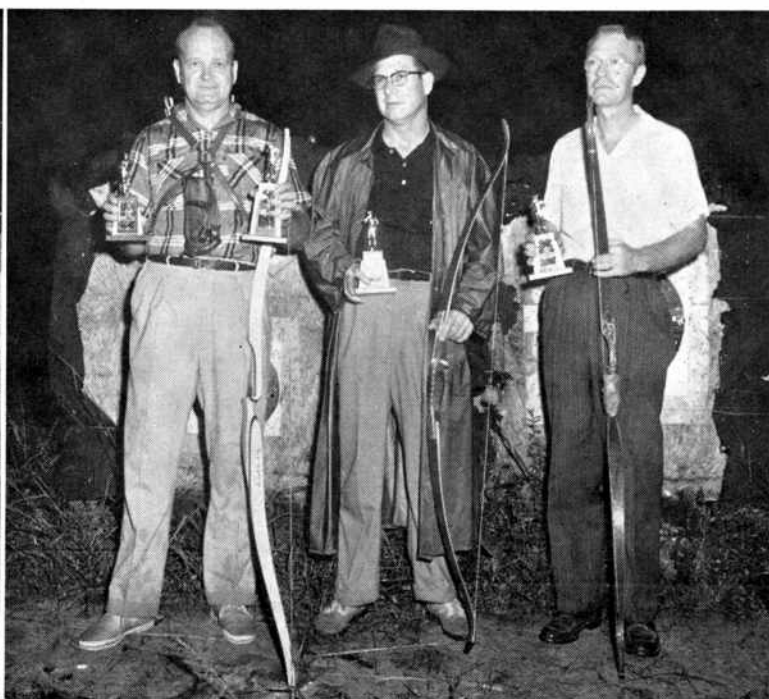

## 100 A Shifters Attend Outing At Concord Park

Around 100 Y-12 A Shifters and members of their families enjoyed an ice cream supper and weiner roast outing at Concord Park last Thursday night from 6 p.m. to 9 p.m. Miss Phyllis Bridges, daughter of H. L. Bridges, Alpha Five, won a door prize of an ice chest in a drawing.

CHAMPIONSHIP TEAMS IN THE Y-12 ARCHERY LEAGUE for the 1958 summer season are shown above with their trophies. At left are the Broken Nochs, scratch titlists, members from left being Tom Morris, Jack Blackerby, Vaughn Reece and

Rodney Von Greuniger. The handicap winners were the Split Stumps, right, from left being Roy Hardy, C. V. Redding and J. S. Jones. The sport of archery has become most popular among Y-12ers during the last two years.

## V-B, Table Tennis Activities Open For Y-12ers Soon

**Table Netters Start Play On October 27; Volleyballers Called**

Plans for launching two more winter indoor sports—table tennis and volleyball—have been announced by the Y-12 Recreation Department. From advance inquiries on both sports, indications point to successful seasons in both with a lot of fun and exercise for the participants.

### Ladder Competition Set

The table tennis competition starts at 7 o'clock Monday night, October 27, at the Wildcat Den, when play will open in the All-Carbide table tennis ladder. This competition was popular last year with a large number of players and bids to be the same this year.

There will be five tables available for play and no charge will be made. All equipment will be provided and all Y-12ers wanting to enter the ladder play are invited to report ready to compete.

### Men's League Planned

An organizational meeting for a Y-12 Men's Volleyball League will be held at 1:30 o'clock Wednesday afternoon, November 12, in the Recreation Office, Room 226, Bldg. 9704-2. There were five teams in the league last year and eight are sought to round out the loop for this season. Any Y-12er wanting further information on the plan is asked to call the Recreation Department, plant phone 7751.

All members of the Y-12 women's volleyball team competing in the All-Carbide Women's Volleyball League last year and others who would like to play this season also are urged to get in touch with the Recreation Department. The Y-12 team made a good showing last season and with a number of veteran players returning, prospects should be bright for a successful team.

## Chillers Have Slim Lead In C League

The Chillers had a slim lead in the C League of Y-12 Plant bowlers after the last reported loop action by breaking even with the Goof Balls. B Shift took three points from the T Squares and Murderer's Row got a forfeit from the Daffodils, the winners ending in a tie for second place. In other matches the Engineers whacked the Waco's for three, the Sunflowers skinned the Dry Hides by the same score, and the Alley Cats clawed out a tie with the Knot Heads.

Evans, of the B Shift team, swept all individual scoring honors with a 234 scratch and 262 handicap game, a 585 scratch and 669 handicap series. Team scoring honors were split four ways. Murderer's Row posted an 870 scratch game, Goof Balls a 1025 handicap game, Sunflowers a 2463 scratch series and B Shift a 2890 handicap series.

League standing follows:

Team	W	L
Chillers	13	3
B Shift	12	4
Murderer's Row	12	4
Engineers	10	6
Sunflowers	9	7
T Squares	9	8
Alley Cats	8	8
Goof Balls	7	9
Daffodils	6	10
Dry Hides	5	11
Knot Heads	4	12
Waco's	2	14

game plus a 1755 scratch series. The Sure Shots horned in with a 2259 handicap series.

League standing follows:

Team	W	L
Do Littles	12	4
Sure Shots	10	6
Q Balls	8 1/2	7 1/2
King Pins	6	10
Sooners	6	10
Night Owls	5 1/2	10 1/2

## Rippers Take Over Classic Loop Lead

**Three-Way Deadlock Waged For Second**

The veteran Rippers team took over an undisputed but slim lead in the Classic League of Y-12 pinmen last Thursday night by walloping the Wolves for three points to break a three-way tie for the loop's top spot. The Screwballs jumped into a three-way tie for second place by bouncing the Bumpers for three and the Rebels also advanced with a smiliar win over the Markers. Two four-point whitewash wins were posted with the Tigers clawing Swingsters and the Wasps stinging the All Stars. The Cubs and Has Beens each had three-point victories with the Eight Balls and Sportsmen being the victims. The Playboys and Smelters rolled to a two-point each deadlock.

Hurbert Tripp, Rippers, had the best scratch game of the session with 226 and Bill Goodwin, Screwballs, the best scratch series of 619. George Riddle, Rebels, had top handicap scores with a 262 game and 680 series. The Rippers had the best team game scores of 926 scratch and 1057 handicap. In series scores the Rebels were tops with 2604 scratch and 3009 handicap.

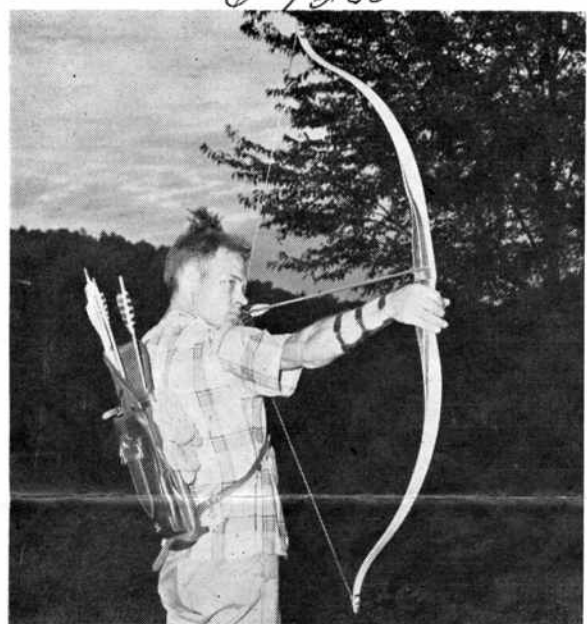

League standing follows:

Team	W	L
Rippers	11	5
Smelters	10	6
Screwballs	10	6
Rebels	10	6
Tigers	9	7
Bumpers	9	7
Sportsmen	8 1/2	7 1/2
Wasps	8 1/2	7 1/2
Wolves	8	8
Cubs	8	8
Has Beens	8	8
Swingsters	6	10
Markers	6	10
Playboys	6	10
All Stars	5	11
Eight Balls	5	11

## Do Littles Blank King Pin Bowlers

The Do Littles bounced back from a whitewash loss suffered the previous week and dished out the same dose to the King Pins in last Thursday's alley activities in the Evening Shift League. The Sure Shots retained second place by socking the Sooners for three points and the Q Balls took three and one-half points from the Night Owls.

The Sure Shots' E. L. Reed swept all individual scoring leads with 208, 245, 517 and 628 figures across the board. The Do Littles had most team scoring tops with a 653 scratch and 800 handicap

A PAIR OF ENTHUSIASTIC "ROBIN HOODS" among Y-12 archers are Vaughn Reece, of the scratch championship team, the Broken Nochs, left, showing good "southpaw" style with the bow; and Charles Crutchfield, of the Quivers, right, looking over some good shots at the target.

AT THE END OF THE SEASON PICKED ARCHERY TEAMS FROM Y-12 and the Oak Ridge Gaseous Diffusion Plant held a match with the ORGDP outfit edging a 697 to 628 victory. The ORGDP team, in rear, are from left, C. Asmanes, J. Love, H. King and D. Magyar. The Y-12ers in front are Vaughn Reece, Roy Hardy, J. Kyle and Charles Crutchfield.

## Bldg. 9212 Pinmen Lead Bush League

The Bldg. 9212 keglering combination jumped from far down in the standings to top of the heap in the Bush League of plan bowlers in the latest reported alley activities of the circuit. The Bldg. 9212 outfit took three points from the Lucky Five to pass the Bees, who buzzed the Beavers by the same margin. The Inspectors scored the only whitewash of the session over the Nine Pins and Snpft socked the Hi Balls for three.

The Inspectors swept all team scoring honors with a 736 scratch and 975 handicap game and a 2189 scratch series boosted to 2906 with handicap. Pless helped the team along with high handicap individual scoring at 247 for game and 647 series. Cunningham, Bees, rolled a 201 scratch game for best of the night and Blackerby, Nine Pins posted a 508 scratch series for tops.

League standing follows:

Team	W	L
Bldg. 9212	13	3
Bees	12	4
Beavers	8	8
Snpft	8	8
Inspectors	8	8
Hi Balls	5	11
Nine Pins	2	14

get them from members of the shift recreation committee, including J. L. Morgan, Bldg. 9737; S. L. Ray, Bear Creek Portal; J. C. Booher, East Portal; E. W. Wilder, Bldg. 9201-5; R. C. Smith, Bldg. 9204-2; C. E. Stooksbury, Bldg. 9201-4; J. C. Knisley, Bldg. 9212; and Chlogene Brown, Bldg. 9995.

## Kennel Club Offers Obedience Course

The Oak Ridge Kennel Club is conducting a class in obedience training for dogs and their masters with sessions to be held at 7:30 o'clock every Tuesday night for about 12 weeks. The class will meet in Warehouse No. 10 on Warehouse Road. Dogs must be more than eight months old to enroll in the course. Y-12ers wanting further information on the class are invited to communicate with M. P. Haydon, plant phone 7162.

## C Shift Fishermen Are Holding Rodeo

Anglers of the C Shift of Y-12ers will be found in full action tomorrow, Thursday, October 16, in a shift fishing rodeo on Norris Lake, operating from Pellissippi Dock. Activities will begin at 12:01 a.m. and continue until 5 p.m. when judging of the catches will begin and prizes for the biggest fish in several categories will be presented. A door prize also will be drawn for.

C Shifters who have not yet obtained tickets for the rodeo may

**Robinson** is visiting his alma mater at Tennessee Tech on his time off. . . **Lois Secrist** is staying at home in Oak Ridge. . . **Elizabeth Wilson** went to see kin folks in Alexandria, Va., and Raleigh, N.C. . . **Barbara Sargent** was recently welcomed as a newcomer to the department and promptly took off for a trip to Montaga Bay, Jamaica, West Indies.

**Pearl Youngblood**, Quality Control, is welcomed back after a leave of absence. . . **Alan Lasater** is welcomed into the department.

**Sallie Cornell**, SS Control, and her husband were among the Y-12ers and other Oak Ridgers at the Tenn.-Tech. gridiron festivities in Atlanta last Saturday. . . **Lorraine White** spent her vacation sight-seeing in historic Williamsburg, Va.

#### MECHANICAL OPERATIONS

General Machine Shoppers really get around the country on their vacation trips. . . **S. L. Downing** is on a two-week saunt down the West Coast of Florida, across the Tamiami Trail to the East Coast of the Sunshine State, thence up to Clover, S. C., to visit kin folks—and then in his spare time he is going to spend the rest of the two weeks at home in Norwood—whew! . . . **O. R. Kinser** is on the second week of his safari in Colorado to hunt deer and then see some other sights out West. . .

**Jim Butts** is somewhat closer to home—just going down to Birmingham to visit relatives. . . **H. H. Vaughn** is another Alabama visitor with home folks. . . The nearby at home vacationers include **G. A. Tedder** at Harriman, with plans for some fishing. . . **J. C. Maples** is back after a week at home in Clinton. . . **LeRoy Marler** is off somewhere this week vacationing but didn't reveal plans. . . Get well wishes go to **W. C. King**, who recently underwent surgery in Knoxville's University Hospital. . . Also to **Wiley Biddix** and **George Carter**.

**G. E. Taylor**, Sunflower Foundry, enjoyed his Oak Ridge vacation at home greeting his new daughter, born October 6. . . **R. S. Phillippi** got away without revealing vacation whereabouts.

**Tim Watt**, The Colyum's sleuth in the Sunflower Shop, went down to Atlanta to see the football frolic between Tenn. and Tech. last Saturday but before leaving forwarded the following dispatches. . . **Walt Sherrod** was another departmental football fan—going to Memphis to see the Vols vanquish Mississippi State. . . **D. R. Carr** picked West Virginia for his vacation and **J. E. Gilstrap** went to Miami. . . **J. T. Forrester** just stuck around and worked on his new home. . . **A. T. Bradford** is back after a lingering illness. . . **T. W. Lankford** is much improved following recent surgery and is expected back soon. . . Get well wishes go to **W. R. Coats**, still on the sick list. . . Sympathy is extended **K. S. Whitehouse**, whose father died recently in Miami. . . Likewise to **C. A. Holt**, whose sister died October 4.

Talk about your modest guys!

The Colyum's scribe in Tool Grinding and Machine Maintenance, **R. W. Curtis**, went all through his notes before proclaiming to one and all that "six-pound Iva Denese Curtis was born to my wife at 6 o'clock Saturday evening, October 4" — well here's our congratulations to add to those of many other pals. . . Best wishes go along with **L. F. Otten** and **H. L. Ashburn**, recently transferred to another department. . . **R. Mason** is enjoying a vacation at Clinton. . . Get well wishes are rushed to ailing **C. D. Painter**, **L. D. Johns**, **G. C. Lay**, **J. A. March** and **W. P. Neikirk**. . . Condolences are extended **B. W. West**, whose brother died recently at Greeneville, Tenn.

**Chester L. Estes**, Z Area, is taking a couple of weeks off for a trip to Miami and will attend his son's wedding there October 19. . . Get well wishes go to **J. W. Steverson**.

#### ALLOY

Alpha Five extends condolences to the family of **Preston J. Conerly**, whose father died October 8 in Aberdeen, Miss. . . **Jay Coates** is a vacationer up Kingsport, Tenn., way this week.

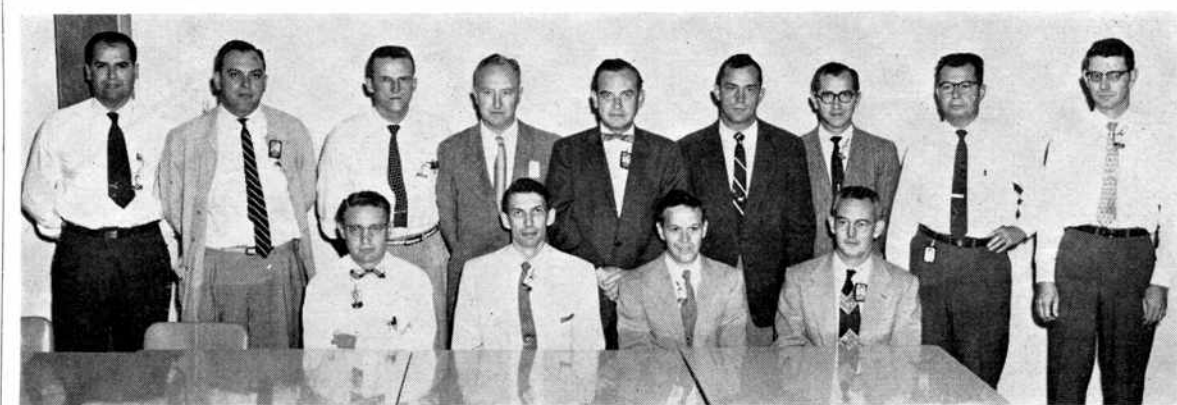

### Study Course Is Offered By Secretarial Association

Y-12 secretaries are invited to take advantage of the study course covering office procedures to be offered by the Oak Ridge Chapter of the National Secretaries Association (International) opening tonight, Wednesday, October 15. The course is open to all secretaries at no charge. The classes will run for approximately eight weeks, being held every Wednesday night from 7:30 p.m. to 9:30 p.m. at the Oak Ridge Institute of Nuclear Studies Training Building on Administration Road.

The discussion subject at the opening class tonight will be composition of business letters. Miss LaWanda Estes, past president of the Oak Ridge Chapter of the NSA, will conduct this class, assisted by Miss Rebecca Rickman. Subjects for following classes will include records system handling, communications and travel, use of library and reference material, editorial practices and duplicating processes. Dictation will be a part of each class. Y-12ers desiring additional information on the study course are asked to communicate with Geneva Carter, Knoxville phone 3-7542; or Margaret Albritton, Oak Ridge telephone 5-5805.

### Playhouse Cast Continues 'My Sister Eileen' Show

The Oak Ridge Community Playhouse will offer its second week-end presentation of "My Sister Eileen" on Thursday, Friday and Saturday nights of this week at the new Playhouse theater on Jackson Square. The initial showing of the play last week brought many favorable comments from theater-goers. Helen Clark,

MEMBERS OF THE TECHNICAL SOCIETIES JOINT COUNCIL OF OAK RIDGE are shown above at a recent meeting held in the Y-12 Cafeteria. Sitting from left are D. B. Janney, Oak Ridge Gaseous Diffusion Plant, president; W. S. Drit, ORGDP, vice president; D. W. Hackett, Y-12, secretary; and R. H. Nimmo, Oak Ridge National Laboratory, past president. Standing are F. M. Andress, Y-12; B. Lieberman, ORNL; D. L. DeWalt, Y-12; J. C. Haydon, Management Services, Inc.; H. W. Savage, ORNL; R. E. Cofield, Y-12; H. E. Alvey, Y-12; J. M. Bobb, ORNL; J. C. Cox, Y-12. Members absent when picture was made include D. S. Toomb, treasurer, ORNL; J. H. DeVan, ORNL; G. E. Crouch, MSI; O. Menis, ORNL; and P. M. Griffin, ORNL.

### Sons Of Y-12ers Eye Academy Appointment

Continued from Page 1

the Academy's permanent site near Colorado Springs. The bulk of these vacancies will be filled from Congressional appointments.

To be eligible for Academy nomination, a young man must be between the ages of 17 and 22. He must be a United States citizen, of good moral character, not married and never been married. He must also meet certain physical requirements. Upon completion of the expense-paid four-year college course, worth several thousand dollars, he will receive his Bachelor of Science Degree and be commissioned a second lieutenant in the regular Air Force.

Should any prospective candidates from any Carbide family desire further information or need assistance with their application, Major Slover and members of his staff will be happy to assist. Major Slover can be reached at his home at 112 South Purdue Avenue, Oak Ridge, telephone 5-5721.

Major Slover points out that prospective candidates who wish to apply for an appointment to the Class of 1963 should do so immediately as Congressional appointments will be made in early January.

### Clippers Maintain Mixed League Lead

The Clippers lost their first point of the season in the Mixed League of Y-12 men and women bowlers last week, but still managed to turn in a three-point win over the ABCs and hold the loop lead by a comfortable margin. The Scrappers advanced in the standings by blanking the Pin Plasters for four points and three-point triumphs were attained by the Nip and Tucks over the Alley Cats and the Rockets over the Phantoms.

Hoppe, of the Phantoms, had most of the men's scoring honors with a 209 scratch game, boosted to 233 with handicap and a 526 scratch series. A 637 handicap series by Brooks, Rockets, was high in that bracket. Nell McGinnis again had best scratch scores for the feminine kglers with a 183 game and 519 series. Betty Alexander, ABCs, had a 227 handicap game and Carol Puckett, Rockets, a 553 handicap series.

The Clippers rolled a 693 scratch and 815 handicap game and 1882 scratch series for tops of the night and the Rockets got into the act with a 2320 handicap series.

Team	W	L
Clippers	15	1
Scrappers	11	5
Nip and Tucks	11	5
Phantoms	10	6
Alley Cats	7	9
Rockets	6	10
ABC's	3	13
Pin Plasters	1	15

of the Y-12 Special Testing Department, is in the cast as Mrs. Wade in the comedy. She has been connected with the Playhouse for several seasons as a backstage technician.

### Oak Ridge Technical Societies Council Opens Second Year, New Activities Set

#### Several Y-12ers Have Membership In Group

With members representing 14 technical and professional societies in Oak Ridge, the Technical Societies Joint Council is entering its second year of activity. Organized about one year ago the council announced its objectives to be to coordinate the activities of the technical and professional groups, provide secretarial services and office facilities for the member organizations and to create interest in the fields of science and engineering through sponsorship of nationally-known speakers.

The activities for the coming year include sponsorship of additional prominent speakers, publication of a monthly calendar of society meetings and establishing an addressograph machine service for member organizations.

#### Dr. Kinzel Was Speaker

The two speakers on the council program last year were Dr. A. B. Kinzel, Union Carbide Nuclear Company vice president and director of research; and Col. Paul A. Campbell, United States Air Force Office of Scientific Research.

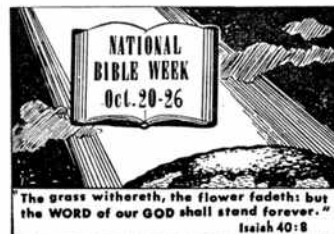

Headquarters of the council are at 90 Tabor Road, Oak Ridge. Member societies are the American Chemical Society, American Institute of Chemical Engineers, American Institute of Electrical Engineers, American Society for Metals, American Society of Civil Engineers, American Society of Mechanical Engineers, American Nuclear Society, American Society of Tool Engineers, American Welding Society, Instrument Society of America, National Association of Corrosion Engineers, Scientific Research Society of America, Society of Nondestructive Testing and the Special Libraries Association.

Several Y-12ers are members and officers of the council.

#### Y-12er Is Secretary

Officers are D. B. Janney, Oak Ridge Gaseous Diffusion Plant, AIEE; W. S. Drit, ORGDP, ASM, vice president; D. W. Hackett, Y-12, AWS, secretary; and D. S. Toomb, Oak Ridge National Laboratory, treasurer.

Other members include F. M. Andress, NACE; D. L. DeWalt, AWS; R. E. Cofield, SWT; H. E. Alvey, ASME and J. C. Cox, ASME, all of Y-12; R. H. Nimmo, past president, AICHE; B. Lieberman, ISA; H. W. Savage, ANS; J. M. Bobb, SLA; J. H. Devan, ASM; O. Menis, ACS; and P. M. Griffin, all of Oak Ridge National Laboratory; J. C. Haydon, AIEE; and G. E. Crouch, ASCE, both of Management Services, Inc.

The grass withereth, the flower fadeth: but the WORD of our GOD shall stand forever. Isaiah 40:8

Ride wanted from Clinton to West Portal, R. Shift. R. E. Ballew, plant phone 7-8352, home phone Clinton 1886-J.

### Physical Fitness Classes Are Set

Y-12 men employees wanting to engage in gymnasium activities to "keep in shape" have been invited to attend physical fitness classes held on Tuesday and Thursday nights at the Oak Ridge High School. The class is held under the supervision of "Herky" Payne, Oak Ridge National Laboratory recreation supervisor with the hours being from 7 p.m. to 9 p.m.

The program consists of such activities as calisthenics, weightlifting and other exercises as well as such games as volleyball, basketball and shuffleboard. New games will be introduced as the class advances.

There is no age limit and no charge for participation in the classes. The only equipment needed is gymnasium or tennis shoes, with washable shorts and shirts recommended.

### Episcopal Men Rehearsing For Liturgical Production

Men of St. Stephens' Episcopal Church of Oak Ridge are rehearsing diligently on the liturgical drama, "Murder in the Cathedral," to be presented at the church next week end, Friday and Saturday, October 24 and 25, and again on Friday and Saturday, October 31 and November 1. Mrs. Marshall Lockhart, wife of George Lockhart, of the Special Projects Department in Y-12, is director of the play. Don Woodridge, also of Special Projects, is in the cast and his wife, Nora, is helping with the costuming for the play.
